

Sibley Medical Center Receives Grant for eEmergency

Avera eCare™

THE LOCAL EMERGENCY ROOM TEAM:

- Requests consults from emergency-trained physicians around the clock, as needed
- Has streamlined access to specialists for better outcomes for patients with trauma, stroke, sepsis, acute myocardial infarction and other emergency care issues
- Accesses support during difficult and multiple emergency cases
- Avoids unnecessary transfers, keeping patients nearby home

eEmergency Services Will Bring Specialists to Sibley Medical Center with the Push of a Button

eEmergency is an innovative concept that links two-way video equipment in local rural emergency rooms to emergency-trained physicians and specialists at a central hub, 24 hours a day, seven days a week improving patient safety and support.

THE eEMERGENCY TEAM

- Provides physician-rendered emergency care 24 hours a day
- Is available for emergency and specialty consultation
- Initiates diagnostic testing, which supports rapid decision making and treatment upon arrival of the local physician
- Supports activation of emergency transport teams when needed saving precious seconds during the golden hour
